Dr Sandeep Kale- Director QPAT; Mobile Number: 9594351422

Coordinator Names: Dr T. S. Chitre, Mrs K.D. Asgaonkar

Expenditure Details (if any): Nil

Description of Activity:

Students and Staff of Pharm. Chemistry dept. visited QPAT on 14th Sept 2022. Dr Sandeep Kale, Director of QPAT gave a presentation on importance of different processes used during synthesis. He also guided students about the scope of the process industry and different skills expected for placement in the field of synthetic chemistry. Students were able to actually see different pilot scale equipments such as High and low pressure filtration assembly, automatic HPLC, latest Continuous Column chromatography, Spray drier, Rotatory evaporator.

Outcome/Usefulness: This Industry visit has helped the students to see latest pilot scale equipments used for different processes during and post synthesis of drugs or API's. This interaction will be helpful to the students to plan and implement different synthetic process in their research work. Interaction with Industry personnel has motivated the students to acquire skills required for employability. This visit has helped the staff to implement newer process in the research work and also improve their course content.

Guest Lecture on “Cyber Crime and Security”

The evolution of Information Technology gave birth to the cyber space where in internet provides equal opportunities for all the people to access any information. Due to increase in the number of users of internet, misuse of technology is increasing which leads to cyber-crimes. The cyber-crimes are basically undertaken by people in the age group from 13 to 25 years who all are well educated. Considering this issue, a guest lecture on cybercrime and security was organized on 26th March 2019 for the B.Pharm and M.Pharm First Year Students.

The Speakers were Mrs. Radhika S. Phadake and Mr. Sagar Panmand. Mrs. Radhika S. Phadake is Senior Police Inspector and Mr. Sagar Panmand is Assistant Police Inspector at Cyber Police station, Pune. During guest lecture 60 students were presents.

Glimpses of Guest lecture of Mr. Sagar Panmand

In the guest lecture, speakers have discussed with students regarding the increasing in the rate of cybercrime by using modern telecommunication. They discussed about the offences that are committed against individuals or groups of individuals with a criminal motive to intentionally harm the reputation of the victim or cause physical or mental harm to the victim directly or indirectly, using modern telecommunication networks such as Internet (Chat rooms, emails, notice boards and groups) and mobile phones (SMS/MMS).

According to them Cybercrime, especially through the [Internet](#), has grown in importance as the computer has become central to commerce, entertainment, and government.

They have conclude the session by giving live examples of the Cyber Crime Investigations under the heads Hacking, Child Pornography, Cyber Stalking, Virus Dissemination, Software Piracy, Credit Card Fraud, Phishing etc.
