# ENVIRONMENTAL POLICY

## Introduction

The Green Campus, Energy and Environment Policies will develop exciting new co-curricular and extracurricular practices that encourage students to take the lead in creating positive change. These initiatives call for a thorough review of all infrastructural, administrative functions from the standpoints of energy efficiency, sustainability and the environment

## Objectives of the Policy

- To protect and conserve ecological systems and resources within the campus.
- To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations.
- To integrate environmental concerns into policies, plans and programmes for social development and outreach activities.
- To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.
- To continuously improve our contribution to climate protection and adaptation to climate change and to the conservation of global resources.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To make the campus plastic (nondegradable) free.

## **Guidelines for Water, Energy and Environment Conservation and Waste Management:**

- **Timely energy, environmental and green audit**

These audits should be carried out from time to and time and necessary corrective measures should be taken
- **Limited entry of vehicles**

The entry of vehicles in the campus is limited.  
Further, all the college staff/ faculty/students members are encouraged to use public transport and get a emission certification of their vehicle on timely basis.
- **Use of Bicycle/ battery powered vehicles is encouraged**

The employees and students are encouraged to use public transport or car pool etc. to limit the emissions. Further, use of bicycle or battery powered vehicles is encouraged.  
To observe yearly ‘No Vehicle Day’ to increase awareness.
- **Pedestrian-friendly pathways**

The institute has pedestrian friendly pathways to protect ecological systems
- **Landscaping with trees and plants**

Plant more trees within and outside campus to clean the atmosphere and keep it green. Waste has to be handled at the place of origin. Keep the premises neat and tidy. Commit to manage waste and maintain clean campus especially during college events.
- **Measures for energy conservation**

All should ensure optimum utilization of lights, fans and other electronic devices, turning them off when not in use. The activation of power management systems (power saving modes) in electronic devices like computers, laptops etc. should be done, when not in use. Utilization of LED or compact fluorescent bulbs should be done as far as possible. The purchase of equipments or instruments should be made in view of energy conservation Utilization of alternative sources of energy should be promoted.
- **Digital Library / E-Learning Centre**

All should promote utilization of e-resources like e-books, online journals and soft copies over hard copies/papers wherever possible. All should use e-mail/ messaging services for official communications instead of paper as far as possible. Utilization of learning management systems and e- platforms should be promoted.

➤ **e-Governance**

To minimize the use of paper in administration through promoting E-governance printing of documents should be done back to back whenever feasible to avoid use of more papers.

➤ **Waste Management**

All should aptly utilise the dust bins for waste disposal made available at different locations in premises and the campus. All should strictly exercise separate disposal of dry, wet, electronic and biomedical waste. The disposal of chemicals and laboratory waste should be done suitably by dilution/chemical treatment method. Collaboration with e-waste recycling companies to get electronic waste recycled. E-waste has to be handled properly and disposed off as per norms. Awareness amongst students about reduction of e-waste and environment friendly disposal practices for e-waste.

➤ **Water management**

All are required to use water cautiously. Suitable measures may be taken to prevent wastage of water in conduct of experiments and other day to day activities. Measures for conservation of water like water recycling, rain water harvesting systems etc. should be promoted. While developing a new infrastructure, careful planning should be done with regards to this green and environmental policy.

➤ **Awareness**

Systematically engage with the 3Rs of environment friendliness (Reduce, Reuse and Recycle). Collect paper waste produced on campus and collaborate with scrap dealers for recycling. Based on the environment themes organize programmes and festivals in the campus. New students will be informed about environmental imperatives and related College responsibilities and policies during pre-enrollment orientation. All should strictly adhere to the above mentioned rules and regulations.

## **Guidelines for Ban on Single Use Plastic in College Premises:**

### **Introduction**

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not only the environment but also our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and we must work to reduce and eliminate plastic pollution.

Government has decided to take plastic ban as a national level campaign to address the environmental hazards being caused by the indiscriminate use of plastic. Educational institutions must lead this nation-wide endeavour. There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics.

- Ban on Single-use plastic packing materials in Canteen & stores.
- Identification & implementation of replacements for alternative food and beverages that are sold in canteen which comes in plastic packaging
- Ban on Single-use plastic bottles of 1 litre or less in volume for in-house meetings and events
- Reduction in usage of Single-use plastic banners
- Segregation of Non-Biodegradable plastics by House Keeping staff & safe disposal of the same through authorized agencies.
- Ban on use of plastic materials used for decorations at the events.

### **Implementation and Compliance**

- The college will deploy a team of GREEN WARRIORS for the mission comprising faculty and student advisors who will ensure the Planning and implementation of this Phase-wise Plastic banning in the campus.
- They will thoroughly monitor the implementation of the ban and meet frequently to assess & discuss the extend of ban.
- They also prepare the agenda for next phase of ban implementation.

- All departments inside the campus are responsible for organizing or hosting events and activities in college premises are responsible for ensuring compliance with the policy.
- College management is responsible for ensuring that the necessary facilities and procedures are in place to enable implementation of the policy, with support from the Purchase Committee, Committee on Catering and others.
- The Committee will be responsible for ensuring that restricted items are not sold or distributed in catering outlets, vending machines, or retail outlets on campus.
- The Committee will also be responsible for ensuring that catering and retail outlets will use eco-friendly materials for their packing or serving of food & beverages.

### **Awareness & Campaigns:**

The Green Warriors will also carry out awareness drives and sensitising workshops on the harmful impacts of single use plastics among the Students and Staff to encourage following

- Every student will strive to make his/her household plastic free.
- Students to be incentivised to carry out similar campaigns at community level
- Installation of necessary alternative facilities like water units to avoid the purchase and use of plastic water bottles.
- Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers another goods on campuses.
- Conducting events and poster competitions etc. on designing ecological and environment friendly goods to minimise the use of single use plastic

## Academic Year 2022-23

Expert lecture on topic 'Youth and Environment-Lessons to learn' on the occasion of "World Earth Day" celebration was held on 21<sup>st</sup> April 2023,

Organized for (student class/staff): - Second Year B Pharm Students

No of Participants: 42

Details of Activity:

Speaker(s)/Resource Person(s) (Name/Affiliation/Contact Details): -

1. Mrs Anushka Kajbaje, Faculty at Bharti Vidyapeeth, Pune and an environmentalist.

Coordinator Names: Ms.T.V.Jagtap, Mrs V.N.Wable,Dr.S.V.Gandhi.

Expenditure Details (if any):Rs 2210/-

Description of Activity :

Session started with introduction of the world earth day followed by the introduction of the Resource Person. The Resource Person for the Session was Mrs. Anushka Kajbaje who is a Faculty at Bharti Vidyapeeth, Pune in department of Natural resource management and an environmentalist. He is the Founder Director of Sustainable Living Integrated Solutions Pvt. Ltd. Mrs Anushka had a talk on, 'Youth and Environment-Lessons to learn'. She highlighted on various points such as, water conservation, energy conservation with special emphasis on waste management. She also explained how the individual should contribute to keep the environment and surrounding healthy to combat the today's scenario. She enlisted very simple practices in our day to day life that can contribute for making the environment healthy which will ultimately protect our planet earth. Entire program was hosted by one of our ecoranger Ms.Trupti Pawar from second year B Pharm. Finally the program was concluded with the vote of thanks proposed by ecoranger Ms.Mansi Pabale from second year B Pharm.

Outcome/Usefulness: To create awareness of the current situation and how can students contribute in the conservation of environment.

**Activity/Event/Topic Name: - Ganesh Festival celebration- “Maza Ganpati Eco Ganpati” competition**

Start Day and Date: - 31/8/2022

Time: - 8.00 am

End Day and Date: - 09/9/2022

Time: - 10.00 pm

Organized for (student class/staff): - AISSMS College of pharmacy, Pune 01

No of Participants: 10 (Competition participants) Students: 30 (Ecorangers) Staff: 1

Details of Activity: 1)Ecorangers created the video highlighting consequences to environment of Ganesh festival and uploaded on youtube.

2) Maza Ganpati Eco Ganpati competition was organised between 31st August 2022 - 09th September 2022.

Coordinator Names: Dr.Santosh Gandhi, Mrs.Vidya Wabale, Ms.Tejaswini Jagtap.

Expenditure Details (if any): Rs 500 was spend on plant saplings to gift the winners.

Description of Activity:

Maza Ganpati Eco Ganpati competition was organized between 31st August 2022 - 09th September 2022 for Ganesh festival celebration.

Total 10 members participated with great enthusiasm including students of B Pharm and faculty. Ecorangers of AISSMS College of pharmacy carried out two different activities for celebrating Ganesh festival in eco-friendly manner. Firstly video was created to reflect general awareness about consequences to environment and ways to minimize such consequences. This video was uploaded on YouTube. Secondly ecorangers organized competition namely, “Maza Ganpati Eco Ganpati”. Participants were asked few question related to eco-friendly practices through google form and upload selfie with bappa.

The basic idea was to create awareness regarding cautious usage of natural resources such as electricity. To minimize usage of plastic and maximize the eco-friendly practices such as Ganesha statue made of eco-friendly material instead of POP (plaster of paris).

Winners for Competition were:

**1<sup>st</sup> Rank-** Bhavesh Shelar, T.Y B.Pharm

**2<sup>nd</sup> Rank-** Prajakta Jadhav, T.Y B.Pharm

**3<sup>rd</sup> Rank-** Mansi Pabale, S.Y B.Pharm

Outcome/Usefulness: Students contributed in the conservation of environment by creating awareness of eco-friendly celebration of Ganesh Festival.

**Out of the campus tree plantation on the occasion of “World Environment Day”  
celebration was held on 5<sup>th</sup> June 2023**

**Organized for** (student class/staff): - Ecorangers, F.Y B Pharm Students & Staff

**No of Participants:** 20

**Details of Activity:**

**Coordinator Names:** Ms.T.V.Jagtap, Mrs V.N.Wable,Dr.S.V.Gandhi.

**Expenditure Details** (if any): Rs. 750/-

**Description of Activity :**

To conserve the environment and to make it healthier, AISSMS College of Pharmacy promoted out of the campus tree plantation activity on the occasion of World Environment Day on 5th June 2023. The session began with the faculty members & students gathering at the ground floor of the College. We had with us our respected principal madam Dr. Ashwini Madgulkar ,who actively took part in the event. *Azadirachta indica* (Neem) plants, which do not need much water on a daily basis, were purchased from swastika floral nursery. These plants were distributed amongst ecorangers, teaching staff as well as non teaching staff with the hands of principal madam. Trees were then planted in their locality individually. The main aim of this activity was that, contribution towards mother earth should start from home itself. After plantation everyone took oath of taking care of these plants on regular basis. All the ecorangers were very enthusiastic and thoroughly enjoyed the planting because it feels great to do positive for nature. Tree planting event connected the students to the benefits of trees and fostered environmental sensitivity in them. It also brought them closer to the environment.

**Outcome/Usefulness:** The main purpose of celebration was to spread awareness about the need to protect the environment and the ways to do it.

## “ No Vehicle day” on 22<sup>nd</sup> September 2022

Organized for (student class/staff): - AISSMS College of pharmacy, Pune 01

No of Participants: Girl: 63 Boys: 55 Staff: 30

**Details of Activity:** Students and Staff of AISSMS College of Pharmacy celebrated No Vehicle day on 22<sup>nd</sup> September 2022. On this occasion students and staff were asked to use public transport as well as to pool transport vehicles for conservation of natural resources and to reduce carbon emissions.

**Coordinator Names:** Dr.Santosh Gandhi, Mrs.Vidya Wable, Ms.Tejaswini Jagtap.

### **Description of Activity:**

Every year 22<sup>nd</sup> September is celebrated as No Vehicle Day at AISSMS College of Pharmacy. This day is observed all over the world as a **World Car Free Day**, as a small step towards greener environment. On the said day the students and staff of the institute adopted ways like carpooling, use of public transport and few even adopted bicycle as means of transport. Ecorangers prepared various posters to inform students and others on the campus about the day. They also used social communication media to create awareness.

There was a positive response from students as well as staff members on the day. Many students used public transport buses, some even shared auto rickshaws. There was marked decrease in the number of personal vehicles on the aforesaid day.

**Outcome/Usefulness:** To create awareness for conservation of natural resources and to reduce carbon emissions.

**Activity/Event/Topic Name: - EDUCATIONAL VISIT TO MEDICINAL GARDEN OF AISSMSCOP BY AISSMSIOIT STUDENTS**

Start Day and Date: - 16/6/2022

Time: - 11.00 am

End Day and Date: -16/6/2022

Time: - 4.00 pm

Organized for (student class/staff): - AISSMS College of pharmacy, Pune 01

No of Participants: 10 (Competition participants) Students: 30 (Ecorangers) Staff: 1

Details of Activity: 1)Ecorangers created the video highlighting consequences to environment of Ganesh festival and uploaded on youtube.

2) Maza Ganpati Eco Ganpati competition was organised between 31st August 2022 - 09th September 2022.

Coordinator Names: Dr.Santosh Gandhi, Mrs.Vidya Wabale, Ms.Tejaswini Jagtap.

Expenditure Details (if any): Rs 500 was spend on plant saplings to gift the winners.

Description of Activity:

AISSMSIOIT first year engineering students on 16th June 2022 visited to Medicinal garden of AISSMS College of pharmacy Pune as they have subjected "Environmental Studies". Students got information about medicinal plants, uses of the medicinal plants available in the AISSMS College of pharmacy Pune. On this occasion tree plantation was also done with faculty & students.

**Activity/Event/Topic Name: - Demonstration of Water and Waste water management course**

**Organized by (Institute Name/Address/Venue): - AISSMS College of Engineering, Pune.**

**Start Day and Date: - 16/06/2023**

**Time: - 10.30 am**

**End Day and Date: - 16/06/2023**

**Time: - 12.30 pm**

**Detailed Description of Activity Attended:** This two hours demonstration includes the operation of sewage treatment plant (STP), Water treatment plant (WTP), Effluent treatment plant (ETP) and Reverse Osmosis (RO) which is handled by a software. The demo plant was established for understanding the working of STP, ETP, WTP and RO. Demonstration for 'Water and Wastewater Treatment Course' is given by course coordinator Mr. Prashant Walke and attended by M. Pharm first year students from Quality Assurance department.

**Outcome/Usefulness:** Students understood the working of all plant which was given there. Also they handled the software very easily. They understood the importance of wastewater management and treatment related to wastewater.

## Academic Year 2021-22

**Activity/Event/Topic Name:** - “World Earth Day” celebration on 22<sup>nd</sup> April 2022.

Organized by (Institute Name/Address/Venue): - AISSMS College of pharmacy, Pune 01

Start Day and Date: - 22/4/2022

Time: - 2.00 PM

End Day and Date: - 22/4/2022

Time: - 3.15 PM

Detailed Description of Activity Organized:

World earth Day celebration was held on 22<sup>nd</sup> April 2022 at 2.00 PM

Total 20 students of B. Pharm. attended this session.

Bird friendly campus and tree plantation programme was conducted in AISSMS College of Pharmacy as a celebration of the world earth day on 22 April 2022.

The basic idea was to create an environment conducive to the birds. Bird feeders were installed at various places in the medicinal plant garden of the college. The feeders were prepared from waste plastic bottles. Some ponds were dug in the garden itself and filled with water for bird bath and drinking.

On this occasion tree plantation was also carried out at the medicinal garden.

Ecorangers with all the faculty members participated with great enthusiasm. It was decided to see that the bird feeders are properly maintained and filled regularly.

The event achieved two goals of creating a bird friendly environment and plastic waste management. The event was organized under guidance of Dr. Santosh Gandhi and Mrs. Vidya Wable

**Outcome/Usefulness:** To create awareness of the current situation and how can students contribute in the conservation of environment.

**Description of Activity (Details, Attendance, Any other relevant information):**

With all the severe droughts happening in the world, the limited supply of fresh water is becoming one of our most precious resources. Conserving water is important because it keeps water pure and clean while protecting the environment. Conserving water means using our water supply wisely and be responsible. In this regard AISSMS College of Pharmacy organized National Webinar on “Water Conservation: A Sustainable Approach” on 29<sup>th</sup> September 2021. Students and staff from different colleges as well as stake holders were made aware about preservation, control and development of water resources, both surface and ground water and prevention of pollution.

**Outcome/Usefulness:**The message about water conservation including policies, strategies and activities to sustainably manage the natural water resources was conveyed to everyone. Methods to conserve water were explained in detail and micro role of each human being was explained. Members were earnestly participated and committed for preservation of water resources. The activity conducted under Green Initiatives of College.

## Academic Year 2019-20

KVIFF 2019

25/7/2019

### Awareness Session on Ramnadi Restoration Mission

AISSMS College of pharmacy, Pune 01 had organised a session on Ramnadi Restoration Mission. The session was organised as a late celebration of **World Environmental Day 2019**. Kirloskar Vasundhara Group, Pune has set the mission for Ramnadi Restoration. They have trained the ecorangers form the college about the action plan for colleges. Hence the whole session was given by ecorangers and Guidance teacher Mrs. Vidya Wable .

The session started with the brief introduction of Ram Nadi. Ecorangers had shown a film regarding the restoration work on that river. After film, Mrs Vidya Wable madam guided the students about the mission.

Ecoranger from Third year B pharm discussed the issue very well. The session was very interactive between the ecorangers and students from audience.

The event was attended by students of Second Year B.Pharm along with students committee of Third Year B Pharm who organized the event under the guidance of Prof. Vidya Wable.

## **NO VEHICLE DAY 25/09/ 2019**

25<sup>th</sup> September was observed as No Vehicle Day at our college – AISSMS College of Pharmacy. 22<sup>nd</sup> September is observed all over the world as a World car free day, as a small step towards greener environment in our coming future. There was holiday on 22<sup>nd</sup> September so college decided to celebrate it on 25<sup>th</sup> September. The students of the institute adopted ways like carpooling, use of public transport and a few even adopted bicycles as means of transport. Students and others on the campus were informed of the day by using posters and social communication media.

There was a positive response from students as well as staff members on the day. Many students used public transport buses, some even shared auto rickshaws. There was marked decrease in the number of personal vehicles on the aforesaid day.

The day was a huge success with enthusiastic response and active participation by everyone.

The principal madam of the institute, Dr. Ashwini Madgulkar appreciated this innovative idea of no vehicle day and inspired the students about eco friendly lifestyle.

## Academic Year 2018-2019

5<sup>th</sup> June 2018 -World Environment Day

Venue-AISSMS College of Pharmacy, Kennedy road, Pune-01

On the occasion of World Environment Day, tree plantation programme was held at AISSMS College of Pharmacy under the guidance of Prof. Vidya Wable. Different species of medicinal plants were planted by the principal Dr. Ashwini Madgulkar and the staff members in the medicinal garden located in the college campus. All the teaching and non-teaching staff and ecorangers participated enthusiastically in this eco-friendly programme as a step in making our college, our city, our nation greener and healthier to live in. It's our responsibility to protect our nature and help it prosper and celebrating this day is not just a formality but a promise that we will celebrate everyday as world environment day. This was a small initiative taken by our college to inspire and create awareness among the students about the importance of environment conservation.

## **KVIFF 2019 Lecture on Plastic Waste recycling 7<sup>th</sup> Jan.2019**

KVIFF (Kirloskar Vasundhara International Film Festival) which is conducted by Kirloskar Vasundhara, is an annual and the only Indian festival of its kind which combines film screenings and allied activities related to environment, wildlife, energy, air, and water.

AISSMS College of pharmacy had organised a seminar on Plastic Waste recycling. The main guest for this seminar was Dr. Sameer Joshi, Member, Environment committee Plastindia foundation. He is well known personality in the field of recycling techniques of plastics.

The seminar commenced by welcoming the guests. Then Dr. Sameer Joshi Sir shared his view on Plastic Waste recycling. He also shared his ideas and techniques for how to reduce the use of plastic and recycle it. In his presentation, he quoted one statement that plastic is not itself waste, people like us are making it waste. He brought various types of products like bottle, T shirt, pencil, pouch, bag etc made from plastic waste. Being a traveller across the India, he had observed many sociological aspects of rural and urban India that are influencing the mentality of people to live eco friendly.

The program was ended by vote of thanks from Ecorangers team.

The event was attended by students of First Year B.Pharm and First year M.pharm.
