Suggestions (critical other than appreciation)	Trying out new and different areas of extra curricular activities and prospering in them too giving some support encouragement and freedom to the students
	More exposure to industries
	Each and every lab should be provided with adequate quantity of chemicals and ingredients needed to carry out specific experiments.
	Library timing & Class timing should not overlap. Library fine which is collected from students should not vary for students who had done same mistake. Office Staff should listen difficulties of students and should eagerly act upon that.
	Plz treat every student equally
	Placement Problem
	In chemistry lab some instruments are not in well condition to operate so need to update them

Remarks : No any

Action taken / Outcome: Feedback 2020 – 21 B.Pharm & M.Pharm were obtained through ERP performance. The index of 96 & 100 is recovered. According to the B.Pharm, students have specified poor remark for annually subscribed journals & e-journals, daily newspaper, reference time 8:30am- 4:45pm, book availability and book search through keyword facility.

But Library provides all these infrastructure facilities- subscription to journals and e-journals has been already done, newspaper are also available in library, library is open for all students from 8:30am- 4:45pm, books has always been available and keyword facility is also available. Students might not be aware of these facilities as they may not have visited the Library frequently. We will definitely make students aware of these infrastructure facilities once the college begins regularly for students. Students of M.Pharm have given 100 as performance index, we will surely continue to give them the best service in future too.
