Activity Report RANANGAN 2019–2020

Ranangan is the most awaited event of A.I.S.S.M.S college of pharmacy. Students participate in various sports with enthusiasm and passion. It includes both indoor as well as outdoor events. The indoor events were held on **3rd& 4thSeptember** in auditorium. Indoor events included carrom, chess, table tennis & arm wrestling. Art cannot be separated from sports, some events like handwriting, mehendi were held to bring up the artistic talent of students. Indoor group events like rangoli , flower arrangement were also held in the college premises.**Final year** got the lead in indoor events by winning in all formats of carom and chess(boys) whereas chess (girls)was conquered by **first year**. Badminton was conducted on **7thseptember**at COEP's Badminton court. All the formats of badminton matches were conducted and students participated with great enthusiasm.**Final year** won the Badminton mixed doubles & girls category whereas Seconds stood runner up. To show the sportsmanship spirit on field, outdoor events were commenced on date **12 Feb to 15 Feb 2019**. A list of energetic events were conducted such as cricket, basketball, football, throwball, tug of war, etc.

Cricket is most liked game for Ranangan , the trophy of cricket was won by **Mpharm**. The most interesting nail biting match of volleyball was won by **Mpharm** by defeating final yr in the finale round. Basketball is a full court game. Half court in basketball didn't reduce the enthusiasm of students but added more passion. Second year won in boys category and first year in girls category. Definitely girls have equally participated in all the sports. Throwball is a game played by girls. **Final yr** won throwball by defeating all other classes.

Tug of war and football were two other events organised. The strong and muscular's of **first yr** won the tug of war in both categories (boys & girls). **Third year** won the Football match at the last seconds of match “a complete thriller” it was. The unity and supportive attitude of the students was judged for the class event called collage making. Collage competition was conquered by **final yr** for their unity and major participation. To support the class and bring up the fire of opponents, students created a meme wall. Memes were used to cheer and support in a sarcastic manner, which came out as an joyful part of ranangan. All the events were organised by final yr sports secretaries and coordinators under the guidance and supervision of sports teacher incharge Dr.S.V.Bhandari sir and Sports committee member Dr.M.M.Bandivadekar sir. **Second yr** came out as an **runner up** for Ranangan. Every class performed well but there can be only one winner. The **winner** for Ranangan 2019-20 was **Final yr**.

Guest Lecture on “Cyber Crime and Security”

The evolution of Information Technology gave birth to the cyber space where in internet provides equal opportunities for all the people to access any information. Due to increase in the number of users of internet, misuse of technology is increasing which leads to cyber-crimes. The cyber-crimes are basically undertaken by people in the age group from 13 to 25 years who all are well educated. Considering this issue, a guest lecture on cybercrime and security was organized on 26th March 2019 for the B.Pharm and M.Pharm First Year Students.

Glimpses of Guest lecture of Mrs. Radhika Phadake (26/03/19)

The Speakers were Mrs. Radhika S. Phadake and Mr. Sagar Panmand. Mrs. Radhika S. Phadake is Senior Police Inspector and Mr. Sagar Panmand is Assistant Police Inspector at Cyber Police station, Pune. During guest lecture 60 students were presents.

Glimpses of Guest lecture of Mr. Sagar Panmand (26/03/19)

In the guest lecture, speakers have discussed with students regarding the increasing in the rate of cybercrime by using modern telecommunication. They discussed about the offences that

are committed against individuals or groups of individuals with a criminal motive to intentionally harm the reputation of the victim or cause physical or mental harm to the victim directly or indirectly, using modern telecommunication networks such as Internet (Chat rooms, emails, notice boards and groups) and mobile phones (SMS/MMS).

According to them Cybercrime, especially through the Internet, has grown in importance as the computer has become central to commerce, entertainment, and government.

They have conclude the session by giving live examples of the Cyber Crime Investigations under the heads Hacking, Child Pornography, Cyber Stalking, Virus Dissemination, Software Piracy, Credit Card Fraud, Phishing etc.
