Indian Council of Medical Research (ICMR), National Institute of Epidemiology (NIE), has been offering online programs on bio-medical and public health research- the 'NIE-ICMR e-Certificate' - NleCer courses since 2016. The third in this series, NleCer 103: Scientific Writing in Health Research, is a self-paced course on scientific writing for health researchers. Communicating research findings to the scientific community is the responsibility of every researcher.

Our course will explain the fundamental concepts in drafting a scientific manuscript to effectively communicate research findings. It will provide an overview of the steps and principles involved in organizing a manuscript logically and sequentially within a structure. It will also introduce writing styles and formatting guidelines to be adhered to while drafting a scientific
