Purandar Fort Visit for cleaning activity.

National Service Scheme unit visited Fort Purandar on 11th September 2019 for the purpose of conservation and cleaning activities. Purandar fort was built by Chhatrapati Shivaji Maharaj and it is the birth place of Chhatrapati Sambhaji Maharaj. The fort has great importance in the history of Marathas. It is known for the great battle of Purandar where Murarbaji and his soldiers showed highest bravery. The fort is currently maintained by the armed forces and used as a training centre.

Public transport was used to reach the destination. Students collected plastic and other littering by tourists and visitors and collected in a cloth bin. Team leader discussed the history of the fort and events associated with it. Students were guided about the historical water storage and irrigation system. The visit motivated the students to learn and conserve the historical monuments.
